

Summary of Unity Language Patterns

Designed for use with the ECO 14 Software 1.x and ECO2 Software 2.x or higher AAC device from PRC

The ECO-14 device has a built in Unity language system software. This language system gives the user the ability to produce generative language by accessing icons arranged in similar locations on the different versions of the vocabulary. This enables individuals to utilize motor planning to get to vocabularies more efficiently, as they learn.

Color Coded Icons

Before we begin working with patterns, it is important to note that the icons in the Unity language system are color coded. This applies to grammar markers, i.e. verbs, pronouns, adverbs etc.

Pronoun	Core Icon	Verb	Noun	Adjective	Adverb 84
Yellow	White w/colored icon	Green	Orange	Lt. Blue	Sky blue w/ black and white icon
					

Please note that the patterns shown below are done in Unity 60 and 84 Sequenced user areas. The same patterns will apply in Unity 144 Sequenced; HOWEVER, we will be focusing on Unity 60 for training purposes.

This handout demonstrates the Unity patterns with Embellished Icons turned on.

Unity Patterns

There are **five** Unity Patterns within the Unity Language System. The organization of the patterns allows the device user to have access to core and fringe vocabulary within the device.

Unity Pattern 1: NOUNS, VERBS, ADJECTIVES, ADVERBS

This pattern generates nouns, verbs, adjectives and adverbs in the 60, 84 and 144 user sequenced user areas.

What it looks like:

First Touch	Second Touch
60	
	
	
	
	

First Touch	Second Touch
84	
	
	
	
	

Unity Pattern 2: PRONOUNS: SUBJECT, OBJECT, POSSESSIVE, POSSESSIVE ADJECTIVE, REFLEXIVE ADJECTIVES

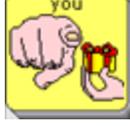

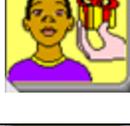

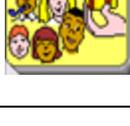

This set of patterns generates five different types of pronouns through motor memory sequences.

Subject Pronouns – What it looks like:

First Touch	Second Touch
	60
	
	
	
	
	
	
	

First Touch	Second Touch
	84
	
	
	
	
	
	
	

Object Pronouns- What it looks like:

First Touch	Second Touch
	60 
	
	
	
	
	
	

First Touch	Second Touch
	84 
	
	
	
	
	
	

Possessive Pronouns – What it looks like:

First Touch	Second Touch
	60
	
	
	
	
	
	
	

First Touch	Second Touch
	84
	
	
	
	
	
	
	

Possessive Adjective – What it looks like:

First Touch	Second Touch
60	

First Touch	Second Touch
	84

Reflexive Adjectives – What it looks like:

First Touch	Second Touch
60	
	myself 
	yourself 
	itself 
	herself 
	himself 
	ourselves 
	themselves 

First Touch	Second Touch
	84
	myself 
	yourself 
	itself 
	herself 
	himself 
	ourselves 
	themselves 

Unity Pattern 3: STATEMENTS AND QUESTIONS

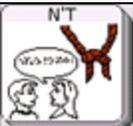

Pronoun statements and questions offer a quick way to produce the most commonly used phrases to produce generative communication and promote language development. The pronoun phrases can be used in positive or negative form with the same motor pattern.

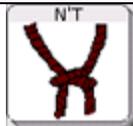

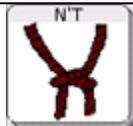

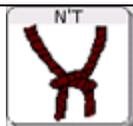

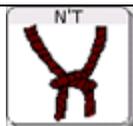

Statement – What it looks like:

First Touch	Second Touch 60
	
	
	
	
	
	
	

First Touch	Second Touch 84
	
	
	
	
	
	
	

Negative Statement – What it looks like:

First Touch	Second Touch	Third Touch
	NT 	I don't want 
	NT 	you don't w 
	NT 	it doesn't w 
	NT 	he doesn't 
	NT 	she doesn't 
	NT 	we don't wa 
	NT 	they don't w 

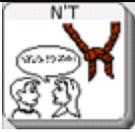

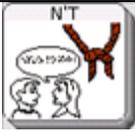

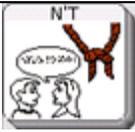

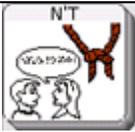

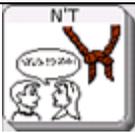

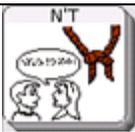

First Touch	Second Touch	Third Touch
	N'T 	I don't want 
	N'T 	you don't w 
	N'T 	it doesn't w 
	N'T 	he doesn't 
	N'T 	she doesn't 
	N'T 	we don't wa 
	N'T 	they don't w 

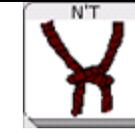

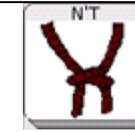

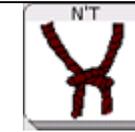

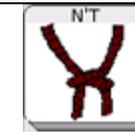

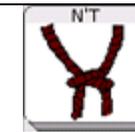

Question – What it looks like:

First Touch	Second Touch
60	
	
	
	
	
	
	
	

First Touch	Second Touch
84	
	
	
	
	
	
	
	

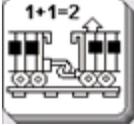

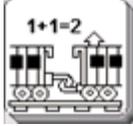

Negative Question – What it looks like:

First Touch	Second Touch	Third Touch
60	60	
		
		
		
		
		
		
		

First Touch	Second Touch	Third Touch
84	84	
		
		
		
		
		
		
		

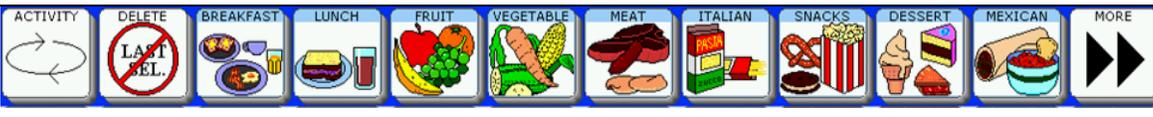

Unity Pattern 4: INTERJECTIONS, DETERMINERS, CONJUNCTIONS, PREPOSITIONS, QUESTION WORDS, ADVERBS

This pattern includes other parts of speech that are used to generate effective communication.

	First Touch	Second Touch	First Touch	Second Touch
		60		84
Verbs Helping and Action verbs				
Interjections Pop-up words: ha ha ha, ouch, sorry				
Determiners Pointing words: this, that each				
Conjunctions Linking words: and, but, or				
Prepositions Bridge words: at, by, of, about				
Question words Question words: what, who, where				
Adverbs <i>Adverbs not ending in -ly: much, yet, very</i>				

Unity Pattern 5: ACTIVITY ROW

When you touch a core icon, the items in the activity row will automatically change to bring up another set of “fringe vocabulary” that is related to the core icon. This pattern is consistent for **most** core icons.

First Touch Sequenced	Second Touch Sequenced
 60	
 60	
 60	
 84	
 84	
 	

Additional Unity Pattern: Pre-stored Sentences

The “Knot” key will activate an overlay and activity row with pre-stored messages. These can be used as quick communication tools for the device user.

First Touch Sequenced	Second Touch Sequenced											
 60	 ACTIVITY		 JOKES	 SPEAKING	 REPAIR	 MEDICAL	 WANTS	 FRIENDS	 PROTEST	 MORE		
 84	 ACTIVITY	 DELETE	 JOKES	 SPEAKING	 REPAIR	 MEDICAL	 WANTS	 FRIENDS	 PROTEST	 QUESTIONS	 TELLING	 MORE
