

# LAMP Words For Life 84 Full Core Word Activity of the Month

March 2020

## Weather

Watching the weather helps us know how to dress and plan our activities. Changes in the weather often have a sensory component. We can feel windy, wet, cold, warm. Draw attention to the weather by looking out the window and while you are outside with the AAC communicator. Look for words to use and model that can describe the weather and how you feel. You can also talk about the weather when reading stories or watching videos.

As the communication partner, whether you are a family member, teacher, therapist or friend, use these words as you talk to model where they are located and how powerful they can be. Look for opportunities to teach and model words about the weather this month!

<b>Single Words</b>	<b>Noun</b>	<b>Pronouns</b>	<b>Verbs</b>	<b>Two Word Phrases</b>	<b>Three Word Phrases</b>
