

Unity 84 Sequenced Core Word Activity Baking

During the holiday season many families enjoy time in the kitchen making special recipes. These can be sweet or salty treats, fancy desserts, or main dishes that are annual favorites at your house. Be sure to include your AAC communicator in the mix! Encourage use of these words to help direct the cooking activity. Even if your recipe doesn't require cooking, you can open, mix, pour, and taste. Feel free to choose the words that best meet your communicator's needs.

As the communication partner, whether you are a family member, teacher, therapist or friend, use these words as you talk to model where they are located and how powerful they can be. Look for opportunities to tea and model these words as you play games
