

Unity 84 Sequenced Core Word Activity

Spring is here! Get outside and go on a Spring Scavenger hunt. Take a walk in your backyard or neighborhood and look for the beauty we see around us in nature. Find a flower, tree, leave, rock and more as you look around you. Maybe you'll find a bug, a duck or a rabbit? If it's hard to get outside, look out the window or watch a nature movie and try to spot some of these items. By using a variety of words to comment, question, direct and request, we teach language in a natural context. Look for opportunities to teach and model words as you go on a Spring scavenger hunt this month!

Spring Scavenger Hunt

May 2020
