

## Unity 84 Sequenced Core Word Activity of the Month.

As holidays approach, we spend more time in the kitchen. Simple recipes can be a fun and natural way to practice new vocabulary. We can use action words like “pour” and “taste” and comments like “good” and “bad”. As the communication partner, whether you are a family member, teacher/therapist or friend, use these words as you talk to model where they are located and how powerful they can be. By using a variety of words to comment, describe, direct and request, we teach language in a natural context. Try using these words to model language as you complete cooking activities this month.

### Cooking

## November 2019
