

## LAMP Words For Life 84 Full

### Core Word Activity of the Month

As holidays approach, we spend more time in the kitchen. Simple recipes can be a fun and natural way to practice new vocabulary. We can use action words like “pour” and “taste” and descriptive words like “good” and “bad”. As the communication partner, whether you are a family member, teacher/therapist or friend, use these words as you talk to model where they are located and how powerful they can be. By using a variety of words to comment, describe, direct and request, we teach language in a natural context. Try using these words to model language as you cook this month.
